[Reverse engineering traffic lights with an RTL-SDR](#)

To reverse engineer these new lights he made a recording of the signals in GQRX and then

opened them up in Inspectrum.

RTL-SDR.com

Creating a 2m repeater with a Raspberry Pi and RTL-SDR dongle

I will be using an RTL-SDR dongle to receive an input signal on 70cm. The receiver signal will then be demodulated and retransmitted using a GPIO pin on the Raspberry as a transmitter.

[ZR6AIC](#)

An unusual night for CB

For the most part, AM is used on most of the channels but you'll find LSB activity on Channel 36 (27.365 MHz). And when the band gets busy and crowded, you'll hear LSB QSOs from Channels 36 – 39 (27.365 – 27.395 MHz).
